**Eaglerock Premium Scaffold Tooltray** Falcon catalogue p. 14

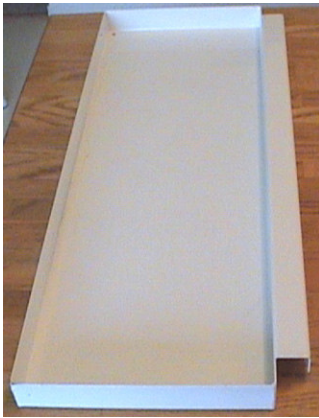

28"

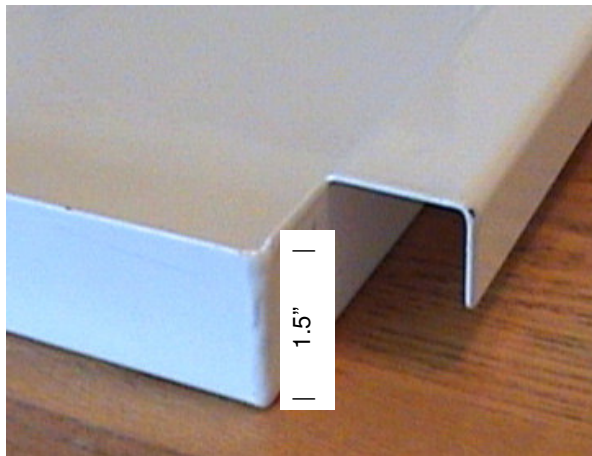

**The Eaglerock Scaffold Tooltray is a unique Eaglerock Product**

Eaglerock scaffold tooltrays are 11 gauge hot rolled steel, powdercoated white. The corners are welded solid, not spot welded tabs. The tray is 28" x 10" x 1.5" deep. The tray can easily handle 2 gallon cans of paint.

The tray **CANNOT** be used as a step.

10"

1.5"

The tray flange is not welded to the tray. It is part of the same piece of steel. The flange fits snugly around either an end frame rung or a guardrail rung. The notch fits perfectly between the end frame or guardrail risers.
